# **Article 5. Zoning District Purposes and Requirements**

### Section 501 Purpose and Applicability

- (a) The purpose of this Section is to describe the requirements specific to each zoning district.
- (b) Development shall meet the requirements specific to the district(s) within which it lies as well as the other provisions of this Law. In the case of contradictory provisions, the Board will determine which shall apply.

## Section 502 Agricultural (AG) Zoning District

 (a) **Purpose.** This district preserves and encourages agricultural self-sufficiency by preserving and protecting areas with high quality agricultural soils and associated characteristics.

 (b) Allowed Uses. Uses allowed in the Agricultural Zoning District (AG) are indicated in Section 404.
 (c) Aggregaty Uses, Uses not listed that the Roard finds to be substantially similar in

 (c) **Accessory Uses.** Uses not listed that the Board finds to be substantially similar in character, function and impact to the primary uses.

(d) **Bulk and Dimensional Requirements**(1) **Residential:** See Section 602.

(1) Residential: See(2) Nonresidential

(A) Lot area and width: None.

 (B) Front, side and rear yard setbacks: Three (3) feet, except a setback of 50 ft shall be required when abutting a VR zoning district.

 (C) Height (max): 48 ft.

 (e) **Site Design Requirements.** Site design requirements of Section 605 to Section 606 do not apply unless the Board determines that the proposed improvement would create a significant adverse impact.

 (f) **Building Design Requirements.** Building design requirements of Section 604 do not apply unless the Board determines that the proposed improvement would create a significant adverse impact.

(g) Landscaping Requirements.(1) The landscaping requirements of Article 8 do not apply.

(2) An intensive agricultural activity within 200 ft of a property zoned anything but Agricultural or Industrial, including properties separated by a public street, shall be screened with at least 20 ft of Type A screening or 50 ft of type C screening as described in Section 804.

(h) **Other Requirements.** Met all other requirements of this Law, except as they contradict the provisions of this Section.

## Section 503 Beach Road (BR) Zoning District

 (a) **Purpose.** The purpose of the Beach Road Zoning District (BR) is to provide for high-quality commercial and residential uses that benefit from a location across the street from a beach

(b) **Allowed Uses.** Uses allowed in the Beach Road Zoning District (BR) are indicated in Section 404.

(c) **Accessory Uses.** Uses not listed that the Board finds to be substantially similar in character, function and impact to the primary uses.

3 (2) Lot width (min): 50 ft. 4 (3) Front yard setback: Buildings shall be set back sufficiently to allow a 6-foot-wide sidewalk with a 6-foot-wide planting strip. If possible, the sidewalk and landscaped strip will be located on public ROW (see Figure 1). 8 (4) Rear yard setback (min): 15 ft. 9 (5) Side yard setback (min): 5 ft. 10 (6) Height. The maximum height of a structure in the district shall be 35 ft, with the following exception. The maximum height may be increased to six stories (70 max) if at least one third of the street frontage facing Beach Road and the side yard are left vacant (see Figure 2). 14 (e) Site Design 15 (1) Intent 16 (A) To upgrade the quality of the western beach area. 17 (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk. 19 (C) To enhance the appearance of highly visible sites. 20 (2) Requirements 21 (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road). 24 (B) A project fronting on Beach Road shall include the construction of a	1	(d)	Bulk and D	imensional Requirements (residential and nonresidential)
4 (3) Front yard setback: Buildings shall be set back sufficiently to allow a 6-foot- wide sidewalk with a 6-foot-wide planting strip. If possible, the sidewalk and landscaped strip will be located on public ROW (see Figure 1).  8 (4) Rear yard setback (min): 15 ft. 9 (5) Side yard setback (min): 5 ft. 10 (6) Height. The maximum height of a structure in the district shall be 35 ft, with th 11 following exception. The maximum height may be increased to six stories (70 max) if at least one third of the street frontage facing Beach Road and the side yard are left vacant (see Figure 2).  14 (e) Site Design 15 (1) Intent 16 (A) To upgrade the quality of the western beach area. 17 (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk. 19 (C) To enhance the appearance of highly visible sites. 20 (2) Requirements 21 (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road). 24 (B) A project fronting on Beach Road shall include the construction of a	2		(1)	Lot area (min): 500 sm.
wide sidewalk with a 6-foot-wide planting strip. If possible, the sidewalk and landscaped strip will be located on public ROW (see Figure 1).  Rear yard setback (min): 15 ft.  Side yard setback (min): 5 ft.  Height. The maximum height of a structure in the district shall be 35 ft, with the following exception. The maximum height may be increased to six stories (70 max) if at least one third of the street frontage facing Beach Road and the side yard are left vacant (see Figure 2).  Intent  (A) To upgrade the quality of the western beach area.  (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk.  (C) To enhance the appearance of highly visible sites.  Requirements  (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road).	3		(2)	Lot width (min): 50 ft.
landscaped strip will be located on public ROW (see Figure 1).  (4) Rear yard setback (min): 15 ft. (5) Side yard setback (min): 5 ft. (6) Height. The maximum height of a structure in the district shall be 35 ft, with the following exception. The maximum height may be increased to six stories (70 max) if at least one third of the street frontage facing Beach Road and the side yard are left vacant (see Figure 2).  (e) Site Design (1) Intent (A) To upgrade the quality of the western beach area. (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk. (C) To enhance the appearance of highly visible sites. (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road). (B) A project fronting on Beach Road shall include the construction of a	4		(3)	Front yard setback: Buildings shall be set back sufficiently to allow a 6-foot-
(see Figure 1).  (see Figure 1).  (4) Rear yard setback (min): 15 ft.  (5) Side yard setback (min): 5 ft.  (6) Height. The maximum height of a structure in the district shall be 35 ft, with the following exception. The maximum height may be increased to six stories (70 max) if at least one third of the street frontage facing Beach Road and the side yard are left vacant (see Figure 2).  (e) Site Design  (1) Intent  (A) To upgrade the quality of the western beach area.  (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk.  (C) To enhance the appearance of highly visible sites.  (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road).  (B) A project fronting on Beach Road shall include the construction of a	5			wide sidewalk with a 6-foot-wide planting strip. If possible, the sidewalk and
(4) Rear yard setback (min): 15 ft. (5) Side yard setback (min): 5 ft. (6) Height. The maximum height of a structure in the district shall be 35 ft, with the following exception. The maximum height may be increased to six stories (70 max) if at least one third of the street frontage facing Beach Road and the side yard are left vacant (see Figure 2).  (e) Site Design (1) Intent (A) To upgrade the quality of the western beach area. (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk. (C) To enhance the appearance of highly visible sites. (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road). (B) A project fronting on Beach Road shall include the construction of a	6			landscaped strip will be located on public ROW
9 (5) Side yard setback (min): 5 ft. 10 (6) Height. The maximum height of a structure in the district shall be 35 ft, with th 11 following exception. The maximum height may be increased to six stories (70 max) if at least one third of the street frontage facing Beach Road and the side yard are left vacant (see Figure 2). 14 (e) Site Design 15 (1) Intent 16 (A) To upgrade the quality of the western beach area. 17 (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk. 19 (C) To enhance the appearance of highly visible sites. 20 (2) Requirements 21 (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road). 24 (B) A project fronting on Beach Road shall include the construction of a	7			(see Figure 1).
10 (6) Height. The maximum height of a structure in the district shall be 35 ft, with th 11 following exception. The maximum height may be increased to six stories (70 max) if at least one third of the street frontage facing Beach Road and the side 13 yard are left vacant (see Figure 2). 14 (e) Site Design 15 (1) Intent 16 (A) To upgrade the quality of the western beach area. 17 (B) To enhance the streetscape by minimizing the amount of driveway and 18 parking areas visible from the street and sidewalk. 19 (C) To enhance the appearance of highly visible sites. 20 (2) Requirements 21 (A) Article 9 parking and road access requirements shall apply except that 22 accessing more than one stall per property directly from Beach Road is 23 prohibited (no head-in parking directly from Beach Road). 24 (B) A project fronting on Beach Road shall include the construction of a	8		(4)	Rear yard setback (min): 15 ft.
following exception. The maximum height may be increased to six stories (70 max) if at least one third of the street frontage facing Beach Road and the side yard are left vacant (see Figure 2).  (e) Site Design  (1) Intent  (A) To upgrade the quality of the western beach area.  (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk.  (C) To enhance the appearance of highly visible sites.  (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road).  (B) A project fronting on Beach Road shall include the construction of a	9		(5)	Side yard setback (min): 5 ft.
following exception. The maximum height may be increased to six stories (70 max) if at least one third of the street frontage facing Beach Road and the side yard are left vacant (see Figure 2).  (e) Site Design  (1) Intent  (A) To upgrade the quality of the western beach area.  (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk.  (C) To enhance the appearance of highly visible sites.  (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road).  (B) A project fronting on Beach Road shall include the construction of a	10		(6)	Height. The maximum height of a structure in the district shall be 35 ft, with the
max) if at least one third of the street frontage facing Beach Road and the side yard are left vacant (see Figure 2).  (e) Site Design  (1) Intent  (A) To upgrade the quality of the western beach area.  (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk.  (C) To enhance the appearance of highly visible sites.  (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road).  (B) A project fronting on Beach Road shall include the construction of a	11			
yard are left vacant (see Figure 2).  (e) Site Design  (f) Intent  (A) To upgrade the quality of the western beach area.  (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk.  (C) To enhance the appearance of highly visible sites.  (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road).  (B) A project fronting on Beach Road shall include the construction of a	12			
(e) Site Design  (1) Intent  (A) To upgrade the quality of the western beach area.  (B) To enhance the streetscape by minimizing the amount of driveway and parking areas visible from the street and sidewalk.  (C) To enhance the appearance of highly visible sites.  (D) Requirements  (A) Article 9 parking and road access requirements shall apply except that accessing more than one stall per property directly from Beach Road is prohibited (no head-in parking directly from Beach Road).  (B) A project fronting on Beach Road shall include the construction of a	13

residential and commercial development				
36 (2) Requirements			(2)	•
37 (A) A building fronting Beach Road shall feature either a pedestrian-oriented				<u>-</u>
facade (see definition in Article 1 and example in Figure 3) or Type B				
landscaping (see Section 804) between the sidewalk and building.				
			(	
· ·				above the sidewalk or set back from the public ROW at least 10 ft in order

1		to protect the privacy of the residents.
2	(g)	Landscaping Design
3		(1) <b>Intent.</b> To mitigate the appearance of parking lots on the streetscape.
4		(2) Requirements
5		Type B landscaping (see Section 804) at least 4 ft wide shall be
6		provided between a public right-of-way and a parking area or outdoor
7		storage or sales (see Figure 4)
		storage of sales (see Figure 4)
8		
9		
10	(h)	Residential Requirements
11		(1) <b>Intent.</b> To ensure that zoning districts located primarily in tourist-concentrated
12		areas provide a neat and inviting appearance to those guests who support the
13		tourism industry in the Commonwealth. These requirements shall be in addition to
14		all other requirements for residential structures contained in this Law.
15		(2) Requirements
16		(A) Any outside trash bins and dumpsters shall be screened with a six (6) foot
17		wood or concrete screen. The screen will provide wide-swinging doors so
18		that the dumpster can be accessed by a disposal service.
19		(B) Fences in front yards shall be limited to a height of four (4) feet.
		· · · · · · · · · · · · · · · · · · ·
20		(C) Fences within view of the public may not be constructed of chain link.
21		(D) Storage areas shall be maintained only in the rear yard. They must be kept
22		out of view from the general public.
	(i)	Other Requirements. Meet all other requirements of this Law, except as they contradict

the provisions of this Section.

#### Section 504 Garapan East (GE) Zoning District

- (a) **Purpose.** The primary purpose of the Garapan East District (GE) is to provide for a broad mix of retail, office, professional service and residential activities that enhance the lives of island residents and support tourist based activities in Garapan's core.
- (b) **Allowed Uses.** Uses allowed in the Garapan East Zoning District (GE) are indicated in Section 404.
- (c) **Accessory Uses.** Uses not listed that the Board finds to be substantially similar in character, function and impact.
- (d) **Bulk and Dimensional Requirements** (residential and nonresidential)
  - (1) Lot area and width: None
  - (2) **Setbacks.** No setbacks are required in the district except to provide sidewalk space as noted below in this Section. However, the applicant shall demonstrate there is sufficient space for trade and service areas, parking, and other outdoor activities necessary on the site.
  - (3) **Height**. The maximum height of structures in the district shall be 55 ft, with the following exception: The maximum building height may be raised to 70 ft if the building includes structured parking and if at least one third of the street

1		frontage facing the public street are left vacant (see Figure 2).
2		
3		
4		
5	(e)	Site Design Requirements
6		(1) Intent
7		(A) To allow larger scale mixed use development in which the scale is
8		compatible with the Garapan Core and with surrounding neighborhoods.
9		(B) To enhance the streetscape by minimizing the amount of driveway and
10		parking areas visible from the street.
		(C) To enhance the appearance of highly visible sites.
11 12 13		(D) To ensure that proximate uses are visually and functionally compatible.
13		(E) To create a physical attraction that provides a unique setting for the
14		community and supports visitor based activities in Garapan's core.
15		(2) Requirements for Pedestrian-Oriented Street Frontage
16		(A) No more than 50% of the linear street frontage for any development shall
17		be occupied by driveways and/or parking areas facing pedestrian-oriented
18		streets (see definitions in Article 1).
19		(B) The ground floor of a building shall be set back sufficiently to allow a 6
20		ft-wide walkway. The walkway shall be constructed by the applicant.
	(f)	<b>Parking.</b> The requirements of Article 9. shall apply except that parking lots shall not front
21 22 23	(1)	on or access from pedestrian-oriented streets unless the Board finds there is no feasible
23		alternative.
24	(g)	Large Site Development Requirements. The provisions of Section 605 shall apply to all
25	(8)	lots and developments of 5,000 sm or more in the Garapan East Zoning District.
26 26	(h)	Building Design Requirements
20 27	(11)	
28		(1) <b>Intent</b> (A) To encourage pedestrian activity.
28 29		(B) To make businesses inviting.
30		· · · · · · · · · · · · · · · · · · ·
		(C) To add comfort and interest to the pedestrian along the street front.
31		(2) A nonresidential building abutting a pedestrian-oriented street shall feature a
32 33		pedestrian-oriented facade (see definition in Article 1) or Type B landscaping
)) )		(see Section 804) between the sidewalk and building. The Board may waive this
34		requirement if it finds that objectives of this Section would be better achieved if
35		the primary entry and facade of the building faces an open space, public
36	(*)	pathway system or other portion of the development.
37	(i)	Landscaping Design Requirements
38		(1) <b>Intent.</b> To mitigate the appearance of parking lots and to improve the
39		downtown streetscape.
40 4.1		(2) Requirements
<b>41</b>		(A) Type B landscaping (see Section 804) at least 4 ft wide shall be provided
12		between a public ROW and a parking area (see Figure 5).
13		(B) A new building shall provide landscaping to enhance the development and
14		add greenery to Garapan. At least 2% of the property shall be landscaped
15		or at least 1 square foot of building planter area or planting for vines
16		provided for each linear foot of street frontage. The landscaping shall
17		include street trees no more than 30 ft on center with a planting strip or tree
18		wells as needed to maintain the trees. The trees shall be at least 2"caliper

1		(diameter of magning 2' shave grade)
1		(diameter, as measured 3' above grade).
2	(j)	Residential Requirements
3		(1) Intent. To ensure that zoning districts located primarily in tourist-concentrated
4		areas provide a neat and inviting appearance to those guests who support the
5		tourism industry in the Commonwealth. These requirements shall be in addition to
6		all other requirements for residential structures contained in this Law.
7		(2) Requirements
8		(A) Any outside trash bins and dumpsters shall be screened with a six (6) foot
9		wood or concrete screen. The screen will provide wide-swinging doors so
10		that the dumpster can be accessed by a disposal service.
11		(B) Fences in front yards shall be limited to a height of four (4) feet.
12		(C) Fences within view of the public may not be constructed of chain link.
13		(D) Storage areas shall be maintained only in the rear yard. They must be kept
14		out of view from the general public.
	(k)	Other Requirements. Meet all other requirements of this Law, except as they contradict
		the provisions of this Section.

9

10

11

12

13

14

- (a) **Purpose.** The primary purpose of the Garapan Core Zoning District (GC) is to combine business, cultural and civic activities into a cohesive community focal point that promotes pedestrian usage.
- (b) **Allowed Uses.** Uses allowed in the Garapan Core Zoning District (GC) are indicated in Section 404.
- (c) **Bulk and Dimensional Requirements** (residential and nonresidential)
  - (1) Lot area and width: None
  - (2) **Setbacks**. No setbacks are required in the district except to allow for a sidewalk as described in Article 5 Section 505(d). However, the applicant shall demonstrate there is sufficient space for trade and service areas, parking, and other outdoor activities necessary on the site. Note that building safety code setbacks shall still apply.
  - (3) **Height.** The maximum height of structures in the district shall be 55 ft with the

1		follo	owing exceptions:
2		(A)	The maximum height may be increased by 10 ft for every story of
3			structured parking.
4		(B)	A permanent or semi-permanent canopy or shelter may be constructed
5			above the allowable height (see Figure 6) if approved by the Administrator
6			or the Board. The applicant shall present engineering drawings
7			demonstrating that the structure will be safe and not pose a maintenance
8			problem. The intent of this provision is to encourage outdoor uses of
9			building roofs and to shade roofs, thereby reducing thermal gain.
10	(d)	Site Design Re	
11	. ,	(1) Inte	
12		(A)	To upgrade the identity of downtown Garapan.
13		(B)	To enhance the streetscape by minimizing the amount of driveway and
14		. ,	parking area visible from the street in downtown.
15		<b>(C)</b>	To enhance the appearance of highly visible sites.
16			estrian-Oriented Street Frontage
17		(A)	
18		, ,	back sufficiently to allow the construction of a 4 ft-wide walkway.
19		(B)	Development of a new building shall include the construction of sidewalks
20			with street trees and/or lights to the Board's specifications.
21	(e)	<b>Building Desig</b>	gn Requirements
		(1) Inte	•
22 23 24 25		(A)	To encourage pedestrian activity downtown.
24		(B)	
25		(C)	To add comfort and interest to the pedestrian along the street front.
26		(2) <b>A b</b>	uilding fronting on a public street shall feature a pedestrian-oriented
27		faca	de (see definition in Article 1).
28		(3) <b>A</b> re	esidential unit located on the ground floor shall be elevated at least 3 ft
29		abo	ve the sidewalk or set back from the public ROW at least 10 ft in order to
30		prot	ect the privacy of the residents.
31		(4) <b>Ent</b>	ry Locations. Within the Garapan Core District, certain locations serve as
32		entr	y points into the district. Development of a property at an "Entry Location"
33		sho	ald include elements suggesting an entry or gateway. Examples include a
34		cloc	k tower, turret, or other architectural feature, a kiosk, a corner entry,
35		sign	age, landscaping, public art, or other feature that contributes to the
36		dem	narcation of the area. The Entry Locations are the intersections of:
37		(A)	Micro Beach Road and Beach Road
38		(B)	CPL. Derence Jack Rd. and Beach Road
39		(C)	CPL. Derence Jack Rd. and Coral Tree Street
40	(f)	Landscaping I	Design Requirements
41		(1) <b>Inte</b>	ent. To mitigate the appearance of parking lots and to improve the
42		dow	ntown streetscape.
43		(2) <b>Re</b> q	uirements
44		(A)	Type B landscaping (see Section 804) at least 4 ft wide shall be provided

- between a street and a parking lot (see Figure 8).
- (B) A new building shall provide landscaping to enhance the development and add greenery to Garapan. At least 2% of the property shall be landscaped or at least 1 sf of building planter area or planting for vines provided for each linear foot of street frontage. The landscaping shall include street trees no more than 30 ft on center with a planting strip or tree wells as needed to maintain the trees. The trees shall be at least 2 inches caliper (diameter, as measured 3 ft above grade).

#### (g) Residential Requirements

(1) **Intent.** To ensure that zoning districts located primarily in tourist-concentrated areas provide a neat and inviting appearance to those guests who support the tourism industry in the Commonwealth. These requirements shall be in addition to all other requirements for residential structures contained in this Law.

#### (2) Requirements

- (A) Any outside trash bins and dumpsters shall be screened with a six (6) foot wood or concrete screen. The screen will provide wide-swinging doors so that the dumpster can be accessed by a disposal service.
- (B) Fences in front yards shall be limited to a height of four (4) feet.
- (C) Fences within view of the public may not be constructed of chain link.
- (D) Storage areas shall be maintained only in the rear yard. They must be kept out of view from the general public.
- (h) **Other Requirements**. Meet all requirements of this Law, except as they contradict the provisions of this Section.

### Section 506 Industrial (IN) Zoning District

- (a) **Purpose.** This district protects and promotes economic development by reserving and protecting areas that have particular suitability for industry while controlling effects on adjoining communities.
- (b) **Allowed Uses.** Uses allowed in the Industrial Zoning District are indicated in Section 404.
- (c) **Accessory Uses.** Uses not listed that the Board finds to be substantially similar in character, function and impact to the primary uses.
- (d) Bulk and Dimensional Requirements.
  - (1) Front yard setback: Three (3) feet.
  - (2) Side yard setbacks: Three (3) feet.
  - (3) Rear yard setback: Three (3) feet.
  - (4) Height: (max) 50 feet. It may be increased up to 90ft if adjoining lot is an Industrial zone.

Any building safety code setbacks, that are greater than three (3) feet, shall take precedent.

- (e) **Site Design Requirements.** Site design requirements of Section 605 to Section 606 do not apply unless the Board determines that the proposed development would create significant adverse impacts.
- (f) **Building Design Requirements**. Building design requirements of Section 604 do not apply.
- (g) Landscaping Requirements
  - (1) The landscaping requirements of Article 8 apply unless they conflict with provisions of this Section.
  - (2) Land shall not be paved unless there is a demonstrated need or identified use for such a pavement.
  - (3) An industrial use, including a storage yard, parking, or chain link fence shall be screened from an arterial street with a strip, at least 5 ft wide, of Type B landscaping.
  - (4) An industrial use, including storage and parking, abutting a property zoned Village Commercial or Village Residential shall be screened with at least 10 ft of Type A landscaping or 20 ft of type C landscaping as described in Section 804
- (h) **Other Requirements**. Meet all requirements of this Law, except as they contradict the provisions of this Section.

### Section 507 Mixed Commercial (MC) Zoning District

- (a) **Purpose.** This district provides for a broad spectrum of commercial development that requires a moderate to high level of vehicular access and for low to moderate density residential development
- (b) **Allowed Uses.** Uses allowed in the Mixed Commercial (MC) Zoning District are indicated in Section 404.
- (c) **Accessory Uses.** Uses not listed that the Board finds to be substantially similar to the primary uses in character, function and impact.
- (d) Bulk and Dimensional Requirements
  - (1) **Residential:** See Section 602.
  - (2) Nonresidential:
    - (A) Lot area (min): 500 sm.
    - (B) Lot width (min): 50 ft.
    - (C) Front and side yard setback: A three (3) foot building setback shall apply for

1 2 3		front and side yards. Additional setback may be required for the construction of a sidewalk as described in Article 5. Section 507(e)(2)The applicant shall demonstrate there is sufficient space for trade and service
4 5		areas, parking, and other outdoor activities necessary on the site. Note that any building safety code setbacks, that are greater than three (3) feet, shall
6		take precedent.
7 8		<ul><li>(D) Rear yard setback (min) 20 ft.</li><li>(E) Height (max): The maximum height of structures in the district shall be 55</li></ul>
9		ft, with the following exception: The maximum building height may be
10		raised to 70 ft if the building includes structured parking and if at least one
11		third of the street frontage facing the public street are left vacant (see Figure
12		2).
13	(e)	Landscaping Requirements
14 15		(1) The landscaping requirements of Article 8 apply unless they conflict with provisions of this Section.
16		(2) Construct a sidewalk at least 6 ft wide and a curb with street trees spaced no
17		more than 30 ft on center and a planting strip or tree wells as needed to
18		maintain the trees. The trees shall be at least 2"caliper (diameter, as measured
19		3' above grade). The walk, curb, and plantings shall be according to the Zoning
20		Board's and Department of Public Works' specifications.
21		(3) Type A or B landscaping (Section 804) at least 4 ft wide shall be provided
22		between a public right-of way and a parking area.
23		<b>uirements.</b> Meet all other requirements of this Law, except as they contradict the
24	provisions	of this Section.
25		
26	Section	n 508 Public Resource (PR) Zoning District
27	(a)	Purpose. This district is intended to protect government-owned lands, or private lands on
28		request, that need special management due to their unique historic, health and safety,
29		cultural, or ecological value or sensitivity, including:
30		(1) National parks
31		(2) CNMI parks
32		(3) Trails
33		(4) Beaches
34		(5) Public museums and cultural centers
35		(6) Major public tourist destination sites
36		(7) Public war memorials
37		(8) Public land areas of exceptional archaeological, historic or cultural value
38		(9) Ecologic resources such as habitat and wetlands
39		(10) Health and safety resources such as stormwater conveyances and water supplie
40	(b)	<b>Allowed uses</b> are indicated in Section 404. These areas should be developed in accordance
41		with adopted management plans. Where no such plan is available, development should no
42		have significant adverse impacts to the public resources in question.
43	(c)	<b>Accessory uses.</b> Uses necessary for the maintenance and enhancement of the public

1		resources including caretaker residences, maintenance and security facilities, etc.
2	(d)	Bulk and Dimensional Requirements:
3		(1) Front yard setback: Three (3) feet.
4		(2) Side yard setbacks: Three (3) feet.
5		(3) Rear yard setback: Three (3) feet.
6		(4) Height: (max) 48 feet.
7		Any building safety code setbacks, that are greater than three (3) feet, shall take
8		precedent.
9	(e)	Site Design Requirements
10	, ,	(1) Site design requirements of Section 605 and Section 606 apply unless they
11		conflict with provisions of this Section.
12		(2) The Board shall review all proposals with respect to their short and long term
13		impact on the specific resources on the site. The Board may place additional
14		conditions on any project to ensure that the public resources are conserved.
15	(f)	Marpi Area – Greater Planning Review. Some permitted uses within the Public
16	. ,	Resources Zoning District are directly prohibited north of Tanko Drive/Rakka
17		Drive/Chalan Matuis Drive (Map Sheets 5 & 7) due to the sensitivity of the Marpi area as
18		a sanctuary and its importance as a tourist attraction (See Section 404, Table 1).
19	(g)	<b>Building Design Requirements</b>
20	ζ,	(1) Building design requirements of Section 604 apply unless they conflict with
21		provisions of this Section.
22		(2) The Board will review all proposals with respect to the design and construction
23		quality of all buildings in the PR zoning district to ensure that the quality and
24		character of the development is consistent with the nature of the public
25		resource.
26	(h)	Other Requirements. Meet all requirements of this Law, except as they contradict the
27	, ,	provisions of this Section.
28		•
20	Castia	500 David (DII) Zaning District
29	Section	n 509 Rural (RU) Zoning District
30	(a)	<b>Purpose</b> . This district is intended to:
31		(1) Maintain rural character and control development sprawl;
32		(2) Minimize the economic burden on the public of providing remote areas with
33		public services, such as fire suppression, law enforcement, utilities, and
34		recreation;
35		(3) Avoid danger to human health and safety in areas of extreme slopes, flood-
36		prone areas, landslide, land movement or subsidence, or the effects of flooding
37		or siltation on downhill properties;
38		(4) Preserve scenic views;
39		(5) Preserve areas for alternative energy development, such as wind farms;
40		(6) Prevent pollution of critical groundwater resources; and
41		(7) Prevent the loss of threatened or endangered species or their essential habitat.
42	(b)	Allowed Uses. Uses allowed in the Rural (RU) Zoning District are indicated in Section 40
43		Table 1.
44	(c)	Accessory Uses. Uses not listed that the Board finds to be substantially similar in

character, function and impact to the primary uses.

1		character, function and impact to the primary uses.
2	(d)	Bulk and Dimensional Requirements
3		(1) <b>Residential</b> requirements are listed in Section 602.
4		(2) Nonresidential requirements are as follows:
5		(A) Lot area (min) 4,000 sm.
6		(B) Lot width (min) 200 ft.
7		(C) Front yard setback (min) 50 ft.
8		(D) Side yard setback (min) 50 ft.
9		(E) Rear yard setback (min) 50 ft.
10		(F) Height (max): 55 ft–The maximum building height may be raised to 80 ft
11		if the building includes structured parking and employs 2 or more view
12		corridors measuring at least 20% of the property's front yard width.
13	(e)	<b>Landscaping.</b> The landscaping requirements of Article 8 apply except that healthy trees
14		with a trunk diameter greater than 12 inches measured 4 ft above grade shall not be
15		removed unless necessary for development of the proposed structure and site
16		improvements. The Board shall allow removal of unhealthy trees or trees that
17		demonstrably present a hazard. All reasonable measures should be taken to retain existing
18		native vegetation unless there is a compelling reason to the contrary.
19	(f)	Marpi Area – Greater Planning Review. Some permitted uses within the Rural Zoning
20		District are directly prohibited north of Tanko Drive/Rakka Drive/Chalan Matuis Drive
21		(Map Sheets 5 & 7) due to the sensitivity of the Marpi area as a sanctuary and its
22		importance as a tourist attraction ( See Section 404, Table 1 ).
23	(g)	<b>Other Requirements</b> . Meet all requirements of this Law, except as they contradict the
24		provisions of this Section.
25	Section	n 510 Tourist Resort (TR) Zoning District
26	Section (a)	<b>Purpose.</b> This district provides for tourist and resort uses and services and a full range of

(D) Rear yard setback (min): 15 ft.  (E) Height (max): 160 ft.  Site Design Requirements  (1) Public Shoreline Access  (A) Development of properties fronting directly on a shoreline shall leave a

1		shoreline will be visible from a public right of way.
2		(B) The developer shall include a publicly accessible trail at least 6 ft wide
3		from a public ROW to the shoreline.
4		(C) The Board may consider and approve alternate means of providing
5		physical and visual public access to the shoreline, such as a collective
6		access trail between two properties, enhancing a neighboring street end,
7		etc; provided that the public access measures provide comparable public
8		shoreline access, as determined by the Board.
9		(2) <b>Parking</b> . A parking lot or driveway access point shall not be located adjacent to
10		a street intersection unless the Board determines there is no feasible alternative.
11		(3) Large Site Development Requirements. The provisions of Section 605 shall
12		apply to all lots and developments of 5,000 sm or more in the Tourist Resort
13		zoning district.
14	(f)	Landscaping Requirements
15	(1)	(1) The landscaping requirements of Article 8 apply unless they conflict with
16		provisions of this Section.
17		(2) Construct a sidewalk at least 6 ft wide and a curb with street trees spaced no
18		more than 30 ft on center and a planting strip or tree wells as needed to
19		maintain the trees. The trees shall be at least 2 inch caliper (diameter, as
20		measured 3 ft above grade). The walk, curb, and plantings shall be according to
21		the Zoning Board's and Department of Public Works' specifications.
22.		(3) Type A or B landscaping (Section 804) at least 6 ft wide shall be provided
22 23		between a public right-of way and a parking area.
24	(g)	Residential Requirements
24 25 26 27	(8)	(1) <b>Intent.</b> To ensure that zoning districts located primarily in tourist-concentrated
26		areas provide a neat and inviting appearance to those guests who support the
27		tourism industry in the Commonwealth. These requirements shall be in addition to
28		all other requirements for residential structures contained in this Law.
29		(2) Requirements
30		(A) Any outside trash bins and dumpsters shall be screened with a six (6) foot
31		wood or concrete screen. The screen will provide wide-swinging doors so
32		that the dumpster can be accessed by a disposal service.
33		(B) Fences in front yards shall be limited to a height of four (4) feet.
34		(C) Fences within view of the public may not be constructed of chain link.
35		(D) Storage areas shall be maintained only in the rear yard. They must be kept
36		out of view from the general public.
37	(h)	Other Requirements. Meet all requirements of this Law, except as they contradict the
38	(11)	provisions of this Section.
39		provisions of this section.
40		
41	Section	n 511 Village Commercial (VC) Zoning District
42	(a)	<b>Purpose.</b> This district provides basic commercial services to adjoining residential
43	()	communities and accommodates low to medium density residential development.
44		Development in this district is intended to be compatible with the pedestrian and family-
45		friendly character of nearby residential neighborhoods.
46	(b)	<b>Allowed Uses.</b> Uses allowed in the Village Commercial Zoning District (VC) are indicated
47	(0)	in Section 404.
48	(c)	Accessory Uses. Uses not listed that the Board finds to be substantially similar in
	` '	- · · · · · · · · · · · · · · · · · · ·

1		character, function and impact to the primary uses.
2	(d)	Bulk and Dimensional Requirements
3		(1) <b>Residential requirements</b> : see Section 602.
4		(2) Nonresidential requirements:
5		(A) Lot area (min): 500 sm
6		(B) Lot width (min): 50 ft
7		(C) Front yard setback (min): 10 ft
8		(D) Side yard setback (min): None, except 15 ft is required if the side yard
9		adjoins a VR zoning district.
10		(E) Rear yard setback (min): None, except 25 ft is required if the rear yard
11		adjoins a VR zoning district.
12		(F) Height (max): 48ft. plus an additional 10 ft for structured parking.
13	(e)	Site Design Requirements
14		(1) Site design requirements of Article 6 apply unless they conflict with provisions
15		of this Section.
16		(2) The ground floor of buildings shall be set back sufficiently to allow an 8 ft-wide
17		sidewalk to be constructed by the developer.
18	(f)	Landscaping Requirements
19		(1) The landscaping requirements of Article 8 apply unless they conflict with
20		provisions of this Section.
21		(2) Construct a sidewalk at least 6 ft wide and a curb with street trees spaced no
22		more than 30 ft on center and a planting strip or tree wells as needed to
23		maintain the trees. The trees shall be at least 2 inch caliper (diameter, as
24		measured 3 ft above grade). The walk, curb, and plantings shall be according to
25		the Zoning Board's and Department of Public Works' specifications.
26		(3) Type A or B landscaping (see Section 804) at least 4 ft wide shall be provided
27		between a public right-of way and a parking area.
28	(g)	Other Requirements. Meet all requirements of this Law, except as they contradict the
29		provisions of this Section.
30		
21	Contin	n 512 Villaga Dagidantial (VD) Zaning District
31	Section	n 512 Village Residential (VR) Zoning District
32	(a)	<b>Purpose.</b> The purpose of this district is to promote a residential community environment
33		that is quiet, safe, and family and pedestrian-friendly.
34	(b)	Allowed Uses. Uses allowed in the Village Residential Zoning District (VR) are indicated
35		in Section 404.
36	(c)	Accessory Uses. Uses not listed that the Board finds to be substantially similar in
37		character, function and impact to the primary uses.
38	(d)	Bulk and Dimensional Requirements.
39		(1) Residential requirements. See Section 602.
40		
41		(2) Nonresidential requirements. Same as for the Village Commercial Zoning
42		District.
43	(e)	Sign and Lighting Requirements. Adhere to requirements of Article 10 except that
44		commercial signs are not permitted in the VR zoning district. Provided, that a home

1		business is permitted one non-electric sign no larger than 6 sq ft.
2	(f)	Landscaping Requirements.
3		(1) Single family dwelling, townhouse, duplex, mobile home. Provide street trees
4		spaced no more than 30 ft on center. The trees shall be at least 2 inch caliper
5		(diameter, as measured 3 ft above grade).
6		(2) Residential uses not included in subsection (f)(1) of this section and all
7		nonresidential uses. Same as for Village Commercial Zoning District.
8	(g)	Other Requirements. Meet all requirements of this Law, except as they contradict the
9		provisions of this Section.
